

# HP Pro Scanner Output Tray

Boost your productivity when scanning / copying large projects with the HP Pro Scanner Output tray

- Increase operator productivity by allowing him to prepare the next sheet while the current one is being scanned and collected
- Without the tray the operator would need to wait until the scan process finishes, then collect the scanned page, place it on a table and only then proceed to prepare and scan the next page.
- Compatible with the HP Pro HD and SD scanners
- Supports large format originals up to A0/ARCH E
